Subject: Williams - ST012 - Mass Estimate

Wayne and Carolyn

On behalf of the AF and as discussed in the March 16, 2017 BCT call please find attached the detailed mass estimate calculations as summarized in the BCT presentation. Also, attached is a pdf of the vertical interval slices for the mass estimate that were included in the BCT presentation. The mass estimate is updated to include Phase 1 and additional characterization soil boring data.
